ASSOCIATION NEWS:

Holiday Lights Contest:

Yes; we're seeing a lot of very festive holiday lighting already this year. The annual contest will commence on the 20th as the distinguished panel of judges selects the five finalists. These addresses will be posted and you, the association, will vote for the best displays. The first place winner will receive the fabulous gift card and the three top displays will get a lovely yard sign to post. So keep working or get started.

A Few Facts about Poinsettias (From Pam Shields):

This is the time of year when you see poinsettias for sale nearly everywhere you go. Most of us can't resist buying these plants because they brighten our homes for the December holidays. Did you know:

- The plant's name is pronounced in four syllables: *Poin-set-ee-uh*.
- That it is commonly known as the Christmas Star. It's association with Christmas comes from a Mexican legend, in which a child, with no means to bring a gift, gathered humble weeds to place at the church altar on Christmas Eve. As the congregation looked on, a miracle occurred and the weeds turned into brilliant red and green flowers.
- The plant (*euphorbia pulcherrima*) is named after Joel Roberts Poinsett, first US ambassador to Mexico. He was an amateur botanist and introduced the plant to the US in 1825.
- The red leaves are called bracts, and are not flowers. The actual flower in the center is yellow.
- Contrary to popular belief, poinsettias are not poisonous.
- Although poinsettias are grown commercially in nearly every state, California leads with over 6 million pots grown annually, followed by North Carolina and Texas.

Scam Alerts: (From Tom Wood, your Watch Coordinator)

Where to look online for ways to protect against fraudsters:

Federal Trade Commission: The definitive source of information regarding Fraud/Limiting unwanted calls and email/Identity theft prevention.

- <https://reportfraud.ftc.gov/#/>
- <https://www.consumer.ftc.gov/topics/limiting-unwanted-calls-emails>
- <https://www.consumer.ftc.gov/topics/identity-theft>

Don't put your full trust in Caller ID on your phone:

(<https://www.vbgov.com/government/departments/communications-office/citypage/Pages/Scam-Warning.aspx>)

Your caller ID could be wrong. Concerned residents have reported they've gotten phone calls from a Virginia Beach Police Department (VBPD) sergeant demanding payment to avoid jail. These calls are from scammers impersonating law enforcement and using a real officer's name.

But your voicemail is never wrong; let any call you don't recognize flow to voicemail in order to review and screen.

Social media:

Stay private – regularly update privacy settings for social media sites. Scammers will often troll for personal information on Facebook, Twitter and other commonly used sites to make their stories more believable

Annual Newsletter Advertising: We will be working on the annual hardcopy newsletter very soon. If you have any goods or services you'd like to advertise at very reasonable rates get in touch with Bill at 971-7820 or wfilbert@gmail.com.
