### A NOTE FROM THE PRESIDENT

It seems like time is flying by and going faster too. We've had another good year here in Cypress Point with plenty of exciting activities. We've welcomed quite a few new members and said goodbye to some long-time residents, especially Ron and Helen Lee. We initiated a new program with a standing committee coming on line this year. We're calling it CPERT (Cypress Point Emergency Response Team). Although it might sound like overkill in quiet Virginia Beach you only have to look at the daily news to see another US community ravaged by a severe weather event. FEMA tells us to be able to stand on our own for 72 hours and CPERT will help prepare.

We had all four quarterly meetings this year in person with guest speakers and are working on changing the format to be a bit more informal and welcoming. Along those lines we plan to kick-start our Welcoming Committee under Bob and Sandy Morgan. We're saving money and trees by eliminating the Welcome binders; instead expanding the scope of this newsletter and relying more on our website: [www.cyptca.com](http://www.cyptca.com).

Our three contests continue with enthusiasm and the garage sale was a big success—partly due to the fact it was held concurrently with the CHKD bake and flower sale. We've met our budget, filed our taxes on time, and conducted our annual outside financial review with flying colors.

We would like to welcome our new chef

years of experience from the Brass Bell  
and catering companies and we're very  
excited to have her here.

Thoughts from the 1<sup>st</sup> Vice President, Dr. Richard Hamlet

To my neighbors and friends, I wanted to provide a few insights into acting as your 1<sup>st</sup> Vice President. I work with the City of Virginia Beach's Department of Code Enforcement to ensure that our neighborhood of Cypress Point and our homes are protected in terms of value. Several issues range from grass growing out of control to unlicensed contractors doing unpermitted work. The fact that a contractor possesses a business license does not license them as a Contractor under the laws of the Commonwealth. This is a clear violation, and the homeowner who chooses to use an unlicensed contractor is generally prohibited from seeking restitution through the state's Contractor's Recovery Fund. Everyone looking to have work done on their home that exceeds \$1,000 in cost should ask for a Certificate of Insurance and a copy of their State Issues Contractor's license. Protect yourself and your family from unscrupulous tradesmen who purport to be contractors.

### Pearls of Wisdom from the 2<sup>nd</sup> Vice President, Wes Neal

**WINTERIZE YOUR CAR:** Simple steps to keep you on the road, safe and ready to go! We have two more months of tough weather for your automobile. No matter if it is a daily driver or sleeping through the winter; here are several steps that will keep you going. .

1. Check and fill all Fluids: Oil, Antifreeze, Transmission, Power Steering and Window Washing fluid. A little Rain-X on your windshield will repel the elements and reduce the frost in the mornings.
2. Clean and inspect: Battery Post and Cables, Vents, Windows, and Tires, and repair or replace as needed. Cold weather reduces the pressure in your tires, so check and inflate your tires base on the sticker on your driver's door.
3. For cars that don't get a lot of use add a fuel protectant. It is good for your fuel system and removes any unwanted water from the system.
4. Carry in your car: a window scraper, flashlight (or app on your phone), and a small blanket.

**Seasons Greetings from your Neighborhood Watch**

**Coordinator.** As we look back on 2022 it is safe to say our prayers were answered when no weather related disasters laid us bare for days on end and Cypress Point had no more crime than the averages from years past. Looking forward, our leadership formed the Cypress Point Emergency Response Team (CPERT) in order to mitigate issues caused by a disaster and our awareness and knowledge of criminal intent has grown exponentially. Along with their planning efforts for impending issues, our Neighborhood Watch network is integral to raising the odds of our neighborhood's current safety and well-being.

What we do: Encourage the use of camera doorbells, preach the benefits of home internet "best practices", and remind our neighbors to trust their "little voice" when observing something "not quite right" and to speak up about it (If you see something/say something...). And most importantly, we keep the Watchers email and phone network up to date in order to pass info along.

Please feel free to reach out if you have a suggestion for improvements. Best regards, Tom Wood (Mobile: 757-692-9357. Email: [tomwoodva@gmail.com](mailto:tomwoodva@gmail.com))

#### FROM BEN MILLER, SECRETARY:

If you are reading this newsletter then you are already on your way to being an active part of your neighborhood. With this first step taken, getting more involved in our wonderful community will be a piece of cake! You don't have to do much ... just say hi to your neighbors, welcome someone new who moved in next door, or attend one of our quarterly meetings. Whether you lived here for decades or "just passing through" each of us has the chance to shape our neighborhood in a positive way. The Navy moved the Miller family away for a few years but has also brought us back to Virginia. We are excited to come "home", rejoin the Cypress Point community, and we look forward to getting to know you all once again!

**Time changes everything except who you are.** I want you to understand your options and opportunities with Medicare

There are multiple plans and a large variety of insurance companies that provide Medicare Plans. You have most likely been bombarded by advertisers who often promise services that are subject to many restrictions. These ads cloud and confuse the public. It would be best to have a licensed, informed, and reliable Medicare Agent that acts as a resource for you and gives you the very best service.

That is my promise to you. I am your neighbor, and I am here to help and provide the very best advice possible
